O Great Milords - the pinnacle of human evolution, the supreme beings

This has 3 sections:

1. My story section with attachments and links (you are paid to read it)
2. Gyaan section (read if you think you want to improve the system)
3. Trolling(constructive criticism) section (read it only if you have an open mind, it has a bonus funny but relevant video too 😊)

My story section

My name is Atul Subhash. I am writing this mail in a sound disposing mind. I am a 34 year old man and a resident of Bengaluru, Karnataka. I am committing suicide today due to the explicit instigation for suicide, harrassment, extortion and corruption of individuals listed below:

1. Principal Family Court Judge, Jaunpur, Uttar Pradesh - Rita Kaushik (JO Code: UP5728)
2. my wife - Nikita Singhania
3. my mother in law - Nisha Singhania R/o Jaunpur
4. my brother in law - Anurag Singhania(alias Piyush Singhania) R/o Jaunpur
5. Uncle of my wife - Sushil Singhania R/o Jaunpur

Other corrupt court official is the Peshkar Madhav in Rita Kaushik Court

PFA documents:

1. Scanned copy of my Suicide note with details
2. Scanned copy of IPC 156/3 case having section under IPC 302, 377, 498a + Package
3. Scanned copy of CrPC 125 petition, RTI, Reply - It shows the administrative lapses within the court where my RTI completely separate from the case was mixed with case.

Please note that court case files have ample evidence for a lot of things. I am leaving volumes of evidence with my family too.

Also, PFB below link of my suicide video note:

Atul Subhash
gen Dec 2024

I request you to stop harassment of my old parents and brother in all these false cases. My brother has met my wife only for 2 days just after marriage and my father has met my wife for 4 days(2 days just after marriage + 2 days at my father in law's funeral). They both are charged with 498a+package and DV. I have no idea why my parents and brother need to get harassed. My parents are old and do not understand the process and system too much. My father has difficulty walking. I hope that with me gone, the courts will not harass my old parents and brother in these false cases because I am destroying the source of money itself. All the best with your social justice now. I might not win against this faceless evil but it will not feed off me atleast.

I would also humbly request an independent and thorough investigation into the assets acquired by the Judge Rita Kaushik and Peshkar Madhav. Given corruption in her court is a daily routine and happens with everyone(old, young, man, woman, rich, poor) without any exception, I am sure that at least one person will come forward during investigation and give you the truth.

Please note that in the Video I have mistakenly recorded the wrong date for 2nd date of instigation of suicide. The date in the suicide note is the right date. I request you to ignore this mistake in the recorded video.

Also, I have taken a few months to commit suicide since the dates of instigation. It was to finish off as many responsibilities as I could towards my family which is under attack and my responsibilities at my work. I hope this delay will not go against me and will not help harassers and extorters of my family. I have seen that courts are releasing criminals due to lack of details in instigation of suicide cases, I have tried to put as much detail as I could. I am leaving a lot of documents and evidence with my parents and brother too. I hope the rest will come up with proper investigations. I am committing suicide as soon as everything got wrapped up. Believe me, it takes a lot of work and preparation if a man wants to commit a successful suicide while trying to ensure that he gets some justice and his killers don't get benefitted from his death. Sorry for remaining alive extra months since instigation of suicide. I hope my parents are eligible for justice and seeing murderers of their son getting right punishment 😊

Please don't insult a dead man and his old parents by giving these criminals a Rs 500 fine or a 2 hour judicial custody when they are found guilty. Also, don't let my wife play the mother card to avoid the sentence, my parents can raise my son with good values. Indian criminal women will have to take accountability of their actions.

https://voiceformenindia.com/false-dowry-harassment-charges-4/#google_vignette

What you are dealing with is a:

1. Shameless daughter who didn't even spare her dead father for her greed of money
2. Characterless wife who had put 377(unnatural sex) case on her husband for extortion where a husband is making polite excuses daily to avoid even touching his manipulative wife and to avoid her unacceptable sexual expectations. I will not lick those parts of the body. (If marital rape laws were there, my wife would have certainly used it and I would have committed suicide 3 years back. Thank you to all the social organizations and government for fighting it and saving millions of male lives. May be Milords should get out of our bedrooms and stop discussing about sex positions in bedrooms on tax payers money with childless cat ladies. - *pun intended*)
3. Wicked mother who weaponized and alienated her son from his father to justify her and her mother's ego.
4. Corrupt citizen who has filed false cases, committed purjuries, forgery and misused the legal system to harass, extort her in laws and wants her husband to commit suicide to get money.

You are dealing with a :

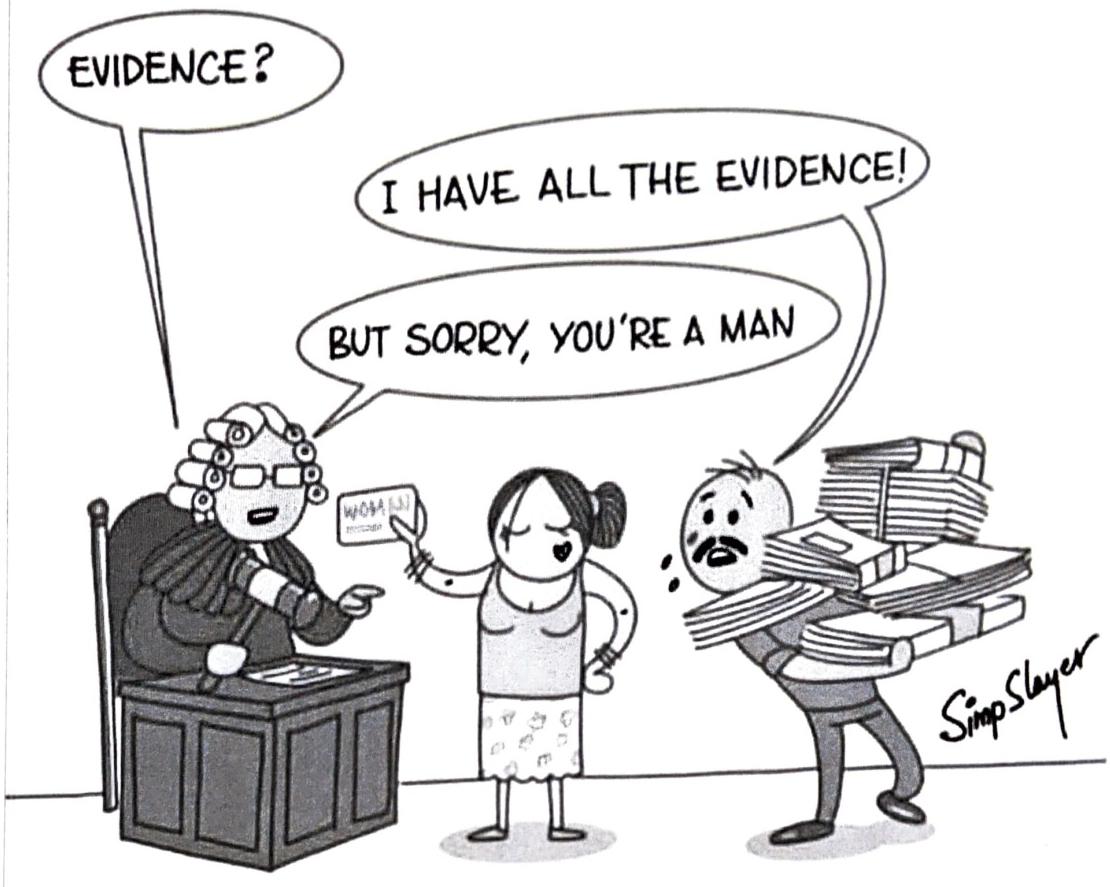

1. Corrupt judge where in her court, corruption is a daily routine and everyone pays without exception in front of her openly.
2. Evil judge who laughs on instigation of suicide and demands bribe to settle false matrimonial case.
3. Incompetent judge who can't understand a one page ITR, thinks that a person's income is pre tax income and has no idea of basic supreme court directions and finds no sense in established court procedures.
4. Overpaid and a slacker Judge who has forgotten what it takes to make money in this poor country and decides that an alienated father should pay Rs 40,000/month for a less than 2-year-old child after refusing her bribe. Her court is a "*Dalali ki dukaan*" .

Below is the literal incident(except sorry word) in Rita Kaushik court, she openly said that all rules are for men in context of RnV affidavit. She seems to have some strange standards for men who don't pay bribe to her.

This happens when judges are paid too much money in this poor country without doing much work. They forget the value of hard-earned money which runs everything (no matter how much philosophy you do). They happen to forget that the laws are about giving fair maintenance for the child but it is not a scheme of transferring money to women from men. May be milords are reading too much into the law if they are reaching other conclusions. Fathers are not stupid; we know when child maintenance becomes extortion 😊. After all, it is not the milord's money but the product of blood and sweat of a man in this poor country. Money is a mere representation of the value produced by someone. Looting other's money is an act of disrespecting that very value and that is what will ruin everyone in this country if not checked. So, stop focusing your greedy eyes on a man's pocket and do your job of finding if the cases are false or not.

An Engineer's quick analysis for your failing system 😊 (I generally get paid for system and root cause analysis and solution strategy but it is free for Milords)

Your system is suffering from an acute problem of Cobra Effect. Please read the below article.

<https://www.choicehacking.com/2022/01/04/what-is-the-cobra-effect/>

If you want to be more technical, then below is another article about the broader concept behind cobra effect

https://en.wikipedia.org/wiki/Perverse_incentive

examples:

1. Your good intention was to punish the rapists and reward women (settlements and ego messaging), now rapists are being invented by women.
(<https://www.livelaw.in/high-court/allahabad-high-court/allahabad-high-court-genuine-sexual-offences-exception-women-lodging-false-firs-long-physical-relation-accused-234135>)
2. Your intention was to reward women by getting them huge settlements for dowry harassment & DV and putting men and family in jail hence satisfying the ego of the wife and in-laws. Now dv & dowry cases are manufactured to extort men.
(https://www.business-standard.com/india-news/section-498a-domestic-violence-laws-among-most-abused-in-india-sc-124091200294_1.html)

etc. I hope you get the idea.

solution:

though the intention may be good but the perverse reward is having an opposite effect.

The solution typically is always very simple. It is to be neutral and just which is actually your job. Punish the man to the extreme when he is guilty. But punish the women to the extreme too when she files false cases and stop the monetary rewards in general. This will bring more respect for courts which is badly needed in this time of general and genuine contempt and disgust against courts by people. Afterall, the courts don't want mob justice to happen, I have heard.

Apologies for unsolicited advice. If you liked my quick analysis, please stop killing us for doing your judicial activism. Join politics if you want to do activism.

I am not aware of the laws as much as milords, but if the false cases and greed gets rewarded in the name of security of women and children, it will forever undermine the institution of marriage and men will choose to remain childfree(not childless). Do look at the global and local irreversible trends of men afraid of getting married because of non-sense judgements of milords. It is just a matter of time when these gynocentric judgements will be viewed as a dark phase in Indian Judiciary. I would suggest that milords remain on the right side of history and justice by interpreting the law with wisdom.

I also hope Judges will reduce doing philosophy(it feels dirty when devoid of justice) in courts and in their orders and instead of interpreting and twisting the laws in the garb of protecting rights of these criminal women, while the job was to punish them with full intensity of law. I would even recommend finding extraordinary legal ways to punish women filing false cases. Afterall, we all know how the Indian Judiciary is very good at twisting laws when they want to. Women who face no consequences after filing false cases and are rewarded instead are a threat to every son of society. Protect the remaining faith in milords. Not much is left though.

Judges who are too much into the philosophy of manipulating and sensitizing the language and censoring and policing the right to speech should listen to the next American President on freedom of speech and learn from Greatest Democracy in the world. Learn to take criticism and introspect milords instead of misusing powers of contempt of court.

- Dear Moondust, the legacy we would remember is that you have cemented nepotism in judiciary by justifying the collegium system and have spread a cancer of Judicial Activism and Judicial Dictatorship in the judiciary which it will never recover from. Those who follow you will rape the democracy and constitution everyday by interpreting the law based on their feelings(or Bhagwaan bharose).

- And you were wondering about what will trolls do after you retire? - even dead men and aborted lives will troll you and haunt your legacy. Mothers of dead sons will curse you. Husbands will be wondering about you when they are booked for eve teasing their wife. More and more fatherless and mentally crippled children will be available for Judges to adopt and feel superior. And then finally, women will also troll you when your legacy would have destroyed everything including women.

- I have followed you for a few years now and I am stunned with your audacity of patting yourself on the back given the current state of judiciary. If the Judiciary

were a department in a company and even if 1% of performance standards were to be applied, the entire top level judicial administration would have been fired at least if not all of judiciary.

- There are many gynocentric left winger old uncles and aunties like you who want our sons to become
 - emasculated
 - vagina licking
 - cuckolds
 - sperm donors
 - slaves
 - silent to extortion
 - fatherless and children of state
 - sacrificial animal
 - ATMs
 - work against themselves
- I hope that India finds its own Elon Musk to clean up the incompetent and unaccountable judiciary before the Judiciary destroys this country.
- O pinnacle of evolution, Trolling you is such fun. I know your broad shoulders can take it. 😊

If Milords can't take this bare minimum trolling(criticism) like above on social media in a democracy especially when Milords are doing activism in courts, then you should climb down from your ivory towers to get your shit together, introspect and recalibrate your commitment positively to your *lakshman rekha*, profession, country and "Freedom of Speech". Recognise that You are without doubt the source of the problem currently.

After understanding the judiciary in last 3 years, I also feel that Indian public should own guns as per 2nd Amendment of American Constitution to protect their freedom. So many milords will learn to act within their boundaries if public had guns legally. Judges would stop stretching their own boundaries and litigants unnecessarily if they are aware of the existence of higher powers like god & gun.

Feeling good after expressing myself honestly(Moondust calls it trolling) and now deleting myself without fear of being slapped with contempt of court. I hope I don't fail in destroying myself 😊

Another silver lining is that I can't be extorted or taxed now for revdi politics 😊 . Most Indian men are already out of juice. You can try to squeeze more but it will be counter productive in my opinion.

Apologies if this disappointed dead taxpayer has crossed any boundary while demanding a simple thing - Instead of focusing a Man's pocket, find out if cases are false and punish the devils 🙏

Too much serious stuff, chill a bit with this funny video
